

Introducing... the **eC-Card Scheme**

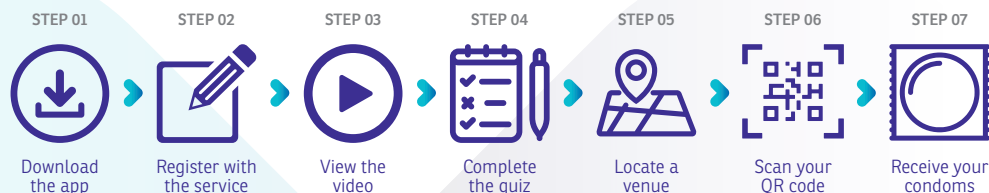

The scheme provides **young people** aged 16 to 24* with access to **FREE condoms** and **lube** from a number of venues across Essex.

The **eC-Card** scheme is a **confidential** service available to both young **men** and **women**.

* under 16s seeking to use the app will be directed to face to face assessment by a trained professional for initial assessment and app activation

Using the App is simple

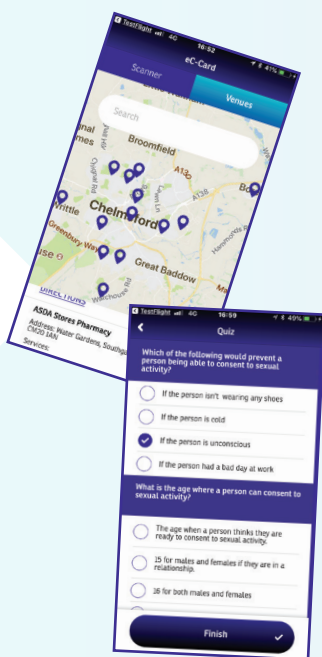

To be eligible for the scheme at the date of registration you must be aged **16-24yrs**, a **resident of Essex** (excluding Southend) and be sexually active.

As part of the registration process, you will be asked to view three short videos within the App and complete a short multiple choice quiz that will check your knowledge.

Once accepted you can visit one of our many venues where you will be asked to use the App to scan a unique QR code to confirm your request and pick up your condoms. You will not have to give any of your personal details.

Alternatively, you can book an appointment to visit one of our assessors, where you can discuss your needs and the options available to you.
